

Medical Professionals and Scientists are warning of fluoridation dangers.

Past President of the AMA

"I am appalled at the prospect of using water as a vehicle for drugs. Fluoride will produce serious effects on a long range basis. Any attempt to use water this way is deplorable. Dr. Charles Heyd

Senior E.P.A. Toxicologist "E.P.A. should act immediately to protect the public, not just on the cancer data, but on the evidence of bone fractures and other effects." - Dr. William Marcus

Natick Report Research Team
